

## Notice of utility surveys, Brackley Lane and Calvert Road, Calvert

September 2021 | [www.hs2.org.uk](http://www.hs2.org.uk)

High Speed Two (HS2) is the new high speed railway for Britain. We are continually reviewing the works on our construction sites in line with Government and Public Health England (PHE) advice on dealing with COVID-19. Further to the Covid-19 restrictions being relaxed we are now beginning to plan for future face-to-face engagement events and meetings. Whilst we continue to move forward, we will still continue to communicate with communities via letters, online meetings and phone calls. You can sign up for regular updates in your local area at [www.hs2.org.uk/in-your-area](http://www.hs2.org.uk/in-your-area)

### What are we doing?

We will be carrying out utility survey works within the highway at Brackley Lane and Calvert Road. This will confirm earlier technical information about the current location of all utilities. These non-intrusive low noise surveys will complement our existing knowledge and is required ahead of the utility diversions following the UTX works (under track crossings).

The survey works will be carried out using a ground penetrating radar to check for utilities such as pipework, manhole covers and other features on the land surface or just below.

To complete these surveys the Calvert Road will need to be closed on the following night;

**Calvert Road 16 September 2021 between 8pm and 6am** (17 September 2021)

Access will be given to bus and emergency services

To complete these surveys Brackley Lane will need to be closed on the following day;

**Brackley Lane 22 September 2021 between 9am and 5pm**

Access will be given to bus and emergency services along with Brackley Lane residents.
