

Notice of highway improvement works – Station Road A41, Quainton

Notification

High Speed Two (HS2) is the new high speed railway for Britain. We are continually reviewing the works on our construction sites in line with Government and Public Health England (PHE) advice on dealing with COVID-19. Further to the Covid-19 restrictions being relaxed we are now beginning to plan for future face-to-face engagement events and meetings. Whilst we continue to move forward, we will continue to communicate with communities via letters, online meetings, and phone calls. You can sign up for regular updates in your local area at www.hs2.org.uk/in-your-area

What are we doing?

To safely complete the junction improvement works at the A41 and Station Road and minimise daytime disruption to the A41 it is necessary to close the A41 overnight. Works are estimated to take five weekday nights to complete but are weather dependant. Due to possible weather influence a two-week period has been allocated to the work between the **15 November to the 19 November 2021 and 22 November to 26 November 2021** between the **hours of 7pm and 6am**. Outside of these times and in the event of bad weather the A41 will remain open under traffic light control. A traffic diversion route will be in place (see attached map). Emergency services will be given access through the road closure.

Works that we will be undertaking during the overnight closure are:

- Plane out and remove the existing A41 road surface and replace with new asphalt
- Installation of traffic light detector loops ahead of the future fitting of 3-way traffic lights at the junction which will be in place during the HS2 main construction period
- Update the carriageway line marking and road studs to include the new Station Road filter lane on the A41
