3rd October 2022 to 4th November 2022

East West Rail Work's

Dear neighbour,

Western Power Distribution will be working on behalf of East West Rail Alliance to carry out the installation of electrical power works. These works will be a part of our Signalling, Power & Communication infrastructure and are key for maintenance and functioning, once the East West railway is operational.

These works will start from **3rd October 2022** to **4th November 2022**.

To carry out these works in a safe and secure manner, temporary two-way traffic lights will be installed on Sandhill Road and Verney Road for a period of 5 weeks. Please note that these lights will be operational on a **24 hour** basis.

We will do our best to keep disturbance to a minimum and we apologise for any inconvenience caused.

Information regarding our work can be found in our East West Rail Alliance quarterly newsletters. Please email publicinformation@ewralliance.co.uk to be added to our mailing list.

If you have any questions or concerns, please contact publicinformation@ewralliance.co.uk or call: **24 hr helpline on 03457 11 41 41**
